

ENGINEERING STUDENTS SOCIETY

The Engineering Students' society has successfully been involved in exhibitions and national/international shows. This year our program will include a number of discussion boards to give the engineering student a greater perspective of his/her field.

The E.S. S thus takes great pleasure in inviting you to participate in "The First Engineering Students' Conference" which will be held in August.

In this session, we focus on, "Competitive and Innovative Engineering in the Light of Vision 2030".
